

## Scarecrow

1. Trace all patterns and cut out as directed on the pattern pieces.
2. Slide the wooden bead down the broom handle and glue to the top of the broom.
3. Divide the broom into four sections----two for arms and two for legs. Tie off each section to hold in place.
4. Glue the pants in place--lining up the edges carefully.
5. Glue the shirt on in the same manner.
6. Hair: Cut the yarn into 12 three inch pieces. Tie the yarn pieces into a little bundle with an extra scrap of the yarn. Glue the bundle to the top of the head. Trim the length as desired. Pull a few strands to the front and cut short for bangs.  
A bit of glue here and there will help the hair stay in place.

## Scarecrow Continued

7. Scarf: Fold the ribbon in half to make a long narrow scarf. Glue around the neck as pictured--trimming the ends on an angle.
8. Hat: Slide the brim of the hat down the broom handle and glue to head. Glue the crown of the hat into a circle & then to the hat brim with a thin line of glue.
9. Glue the bird to one arm and use the cord to make a hanger.

place glue along the dotted lines
